

THE MINISTERS AND MISSIONARIES BENEFIT BOARD

Real Planning. Real Solutions. That's Our Calling.

We share your faith, but our calling is financial service. MMBB is a nonprofit Christian organization serving churches and faith-based organizations since 1911. Our business is retirement benefits, our expertise is the church and religious world—and we serve more than 17,000 members across a wide range of denominations.

Nobody understands the ministry and its complex tax laws and other financial issues the way we do. We offer “one-stop shopping” for your employees, including retirement, life, disability—and we do all the work for you. We can devise a sound strategy to ensure your employees have the peace of mind they deserve—and that you have the financial security you demand.

Real Planning, Real Solutions. That's Our Calling.

Financial Realists for People of Faith

We understand the unique blessings and challenges of the ministry, and support our members with professional money management, educational opportunities, and service.

We simplify benefits for you.

MMBB provides “one-stop shopping” for all of your benefit and retirement needs. We offer a comprehensive benefits package that includes:

- A 403(b) retirement plan that provides an annuity to your employees for life
- Life and disability insurance, with rates among the lowest in the U.S.

Can we offer retirement only?

Yes—and you determine the contribution level. Even part-time employees are eligible! And all of our plans allow for matching employee contributions.

MMBB's plans are easy to set up, flexible in structure—and any of our options can be selected a la carte to meet your organization's needs. Best of all: we do all of the work for you!
